

AVENUE TENNIS JUNIOR CLUB PLAY CODE OF CONDUCT

- Junior club play is a supervised session by one of the Avenue Tennis coaching team who will organise the children on to appropriate courts. Club play is different to normal coached sessions where participants don't receive coaching but are encouraged to play.
- During junior club play all participants are encouraged to play and participate with respect and courtesy to other members using the courts and facilities.
- It is not expected that participants must play tennis non-stop for the duration of junior club play, however if they are resting please be courteous to players still participating.
- If a player stops playing for any reason, the coach will not provide an alternative means of entertainment and the participant must remain within the supervision area of the coach (If outdoors under the canopy, if in the badminton hall on one of the benches within the room).
- Avenue Tennis would like players to look after and treat the balls they use as if they were their own.
- Avenue Tennis reserves the right to cancel junior club play should extenuating circumstances prevail.
- Avenue Tennis expect children to be picked up promptly once a session has ended as we have no child minding services available within the venue.
